The Honourable Aileen Carroll
Minister of Culture
900 Bay Street, 5th Floor, Mowat Block
Toronto ON M7A 1L2

Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation (OTF), I am pleased to submit our Annual Report for the fiscal year 2008-2009.

In this report you will find a brief summary that highlights the goals achieved by the Foundation. Also included is a list of grants made and our audited financial statements. This year we have chosen to highlight a number of culturally diverse grants representing the four sectors we fund; arts and culture, human and social services, sports and recreation and the environment. We have also chosen to feature two Future Fund grants.

The Foundation is committed to building healthy and vibrant communities across Ontario through community-based initiatives that strengthen the capacity of the voluntary sector. We are grateful for the increase in government funding as it has allowed us to have an even greater impact in communities across the province.

Our volunteer Board of Directors and Grant Review Teams, supported by a dedicated and knowledgeable professional staff, continue to provide outstanding leadership. We share a collective pride in the Foundation's successes, as described in this report.

We value the effective working relationship OTF has with your ministry, and we look forward to continuing our important work together.

Sincerly,

Helen Burstyn
Chair of the Board

Message From The Chair
Helen Burstyn

It is an extraordinary honour to serve as Chair of the Ontario Trillium Foundation (OTF). My admiration for the Foundation has grown ever greater since I first joined its Board of Directors five years ago.

OTF grants and volunteers are having an incredible impact everywhere in the province. For everyone associated with OTF, the work of the not-for-profit organizations we support inspires us in our mission of building strong and vibrant communities across Ontario. This year, once again, there were countless examples of innovation, creativity and resilience as not-for-profits – large and small, established and emerging, rural and urban -- met the many challenges facing them during tough economic times.

The OTF Future Fund program is a great example of some of the groundbreaking grants we made this year. Our capacity-building work in the environment sector is gaining momentum through a second Future Fund investment of $2 million. Encouraged by the initial outcomes of the 2007 Future Fund environment grant recipients, OTF anticipates continued growth in this important and underfunded sector. To date OTF has invested $4 million to promote collaboration and build leadership in the environment sector through this fund.

The Future Fund also granted $2 million to organizations working together to break down barriers to employment and formation of social enterprises. In the face of a failing economy, the Fund's strategic focus is both relevant and timely as it supports projects that are creating innovative economic opportunities for Ontarians.

We are pleased to enjoy the continued confidence of the Ontario Government, which once again invested in the Foundation with a second annual budget increase in spring 2008. The boost in our funding from $105 million to $110 million will help OTF make an even greater impact in Ontario communities.

In 2008-2009, the Foundation invested $104,596,300, in 1,484 grants to charitable and not-for-profit organizations in our four funding sectors across the province: We have:

- Contributed more than $43.4 million to grants in the human and social services sector;
- Supported the sports and recreation sector with more than $23.3 million in grants;
- Invigorated the arts and culture sector with more than $24.6 million in funding; and
- Dedicated more than $15 million to the not-for-profit environment sector.

OTF appreciates that the people of Ontario are diverse and dynamic, and that community needs differ across the province. Our approach is inclusive and our support for innovation is genuine. We continue to expand our knowledge of ethnic and marginalized communities in Ontario in many ways. Our ethnic media roundtables are already helping us to better understand the needs of cultural groups across the province.

I am grateful to the volunteer Board of Directors and Grant Review Team members who serve alongside me. Their support and dedication is vital to the Foundation's success, and I am honoured to be in such good company.

I would like to also recognize the Honourable Aileen Carroll, Minister of Culture, for her unwavering support of OTF and the communities we serve throughout Ontario. She demonstrates her support to the Foundation time and again when she attends the many events recognizing our grantees and community partners.

The OTF staff, led by CEO L. Robin Cardozo, has some of the most talented and dedicated professionals I have had the pleasure of working with. I salute their commitment and contribution to the Foundation's work, and their exemplary sense of public service.

Not-for-profits are the unseen hand that keeps Ontario afloat, in good times and bad. As the demand for services increases and the sector faces new pressures, I have no doubt that the Ontario Trillium Foundation is well-positioned to play a leading role in building an even stronger Ontario.

Helen Burstyn

Helen Burstyn
Chair of the Board

Message From The Chief Executive Officer

L. Robin Cardozo

We live in extraordinary times in a world that requires us to constantly learn and adapt. From changes in technology and the way we communicate to a stumbling economy, challenges and opportunities present themselves daily, and through it all there is no question that Ontario's not-for-profit (NFP) sector plays a vital role in keeping our communities healthy and vibrant.

The Ontario Trillium Foundation (OTF) remains steadfast in its mission to strengthen the voluntary sector through investments in community-based initiatives. This year we played an active leadership role within the NFP sector, providing knowledge and opportunities for groups to share with one another.

Our commitment to knowledge sharing is evident in the Foundation's continuous research work. Both timely and relevant, OTF research is helping position the Foundation as a knowledge leader. We were pleased to present the Your Community in Profile reports which feature recent demographic data from Statistics Canada. The unique data is helping NFP organizations, municipalities and governments to anticipate change, address future needs and manage solutions within Ontario communities and the province overall. The reports also help to inform the Foundation's grantmaking to ensure community needs continue to be addressed.

In response to recent economic concerns, OTF had in-depth conversations with more than 100 NFP organizations large and small representing all NFP sectors we serve. Respondents in this study, aptly called Challenges and Opportunities in the Economic Crisis, asked OTF to take on a greater role in sharing best practices and in convening groups within the sector. We successfully hosted our first webinar and online discussion forum to highlight key findings from the study.

Continuing our work to streamline the Foundation's granting and administrative processes, we were excited to pilot the new online application process in two of our funding regions this year. Applicants in Thames Valley and Champlain were pleased with the user friendly online platform, which featured fewer application questions. The positive feedback was extremely encouraging. We are well on track to providing online grant application and review services to all of Ontario by 2010.

As always, I am extremely grateful to our volunteer Board of Directors and Grant Review Team members whose commitment and passion to serving their communities has been instrumental to the Foundation's continued success. I would also like to express my thanks to OTF Chair Helen Burstyn, whose dedication and energy inspires us all.

The staff at OTF is a talented and engaged group of professionals who continue to raise the bar of excellence. I am honoured to lead them and appreciate their unwavering support in the Foundation's work.

This year was a very special year for 36 members of staff who achieved more than 10 years of service with OTF. I am proud of this impressive accomplishment and the collaborative, supportive work environment that has played a part in this success. We were pleased to be able to celebrate this important milestone in early 2009.

As we forge ahead, we know the journey will not be a smooth one. The strength of the not-for-profit sector will be tested as organizations adapt and respond to a changing economic climate. OTF has an important role to play at this time. We will continue to rally the sector and provide the knowledge and resources necessary to strengthen Ontario's communities.

Robin Cardozo

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS
Ontario Trillium Foundation Review of 2008-2009 Achievements

The Ontario Trillium Foundation Business Plan for the year covered three major performance goals, each with supporting objectives. The following summarizes the organization's achievements relative to those goals and objectives.

GOAL 1: Make investments to build healthy and vibrant communities and strengthen the capacity of the voluntary sector

---

OBJECTIVE 1: Make grants to achieve priorities

Achievements:

- Allocated 100 per cent of the year's granting budget, by granting program and by catchment area, subject to modest variations.
- Achieved granting targets within sector allocation ranges by granting 24 per cent of funds in the arts and culture sector, 13 per cent in the environment sector, 41 per cent in the human and social services sector and 22 per cent in the sports and recreation sector.
- Significantly increased OTF granting in the environment sector: over the past three years granting in this sector has grown from $7.6 million (2005/06) to $13.2 million (2008/09).
- Achieved granting targets in the four granting priority areas. Granting under the "enhanced employment and economic potential" priority doubled over the previous year, to $14.0 million.

OBJECTIVE 2: Enhance the impact of OTF grants

Achievements:

- Published the results of Small Towns: Big Impacts, a research study to assess the community-wide impact of OTF grants.
- Continued work on a multi-year project to determine measures of healthy and vibrant communities, including stakeholder and community consultation. Initial results of this comprehensive research will be presented and discussed at the OTF Professional Development Conference in November 2009.
- Worked to enhance the long-term impact of Ontario's not-for-profit sector through grants for organizational capacity building, and began work on a comprehensive review of the impact of this funding.
- Entered into a partnership with the Ministry of Citizenship and Immigration, to improve the capacity of Ontario's voluntary organizations, with particular emphasis on small and mid-sized groups outside urban centres.

The Kapuskasing Nordic Ski Club, the Remi Ski Hill in Moonbeam and the ski-hill lodge in Kapuskasing have all helped revitalize the local economy in their community

- For every $10.00 granted over the past three years, leveraged an additional $17.50 in volunteer time, in-kind contributions and direct funding from other sources.

OBJECTIVE 3: Strengthen the Foundation's role as a leader and convenor

Achievements:

- Continued implementation of the Foundation's knowledge management strategy, the cornerstones of which are new plans for research, knowledge sharing, convening and communications that will extend the Foundation's role in providing support to the not-for-profit sector beyond its granting dollars.

- As part of a new convening plan, significantly increased activity under this objective, bringing grantees, other stakeholders and Foundation staff and volunteers together in areas identified as priorities for OTF, including Aboriginal groups, northern and rural communities and organizations in the environment sector.

- Produced Your Community in Profile – a series of 17 customized statistical reports on economic, social and demographic trends in Ontario, based on data drawn from the 2006 Census results – in order to help not-for-profits and their funders address emerging and future community needs.

- Published Challenges and Opportunities for Ontario's Not-for-Profit Sector during Tough Economic Times. This report is the result of interviews with more than 100 Ontario not-for-profit organizations in what is the first phase of a multi-phase project to work with the sector and with other funders to better understand and react to the impact of the recession.

OBJECTIVE 4: Enhance the equity and accessibility of OTF funding

Achievements:

- Carried out targeted outreach to encourage grant applications from under-serviced and under-privileged populations, including Aboriginal, Francophone, ethnocultural and racial minority, northern, and rural groups, and groups in urban priority neighbourhoods.

- Significantly increased granting to First Nations, Métis and Aboriginal communities: over three years, funding to these communities has grown from $3.0 million in 2005/06 to $8.2 million in 2008/09 (not including grants that serve multiple communities).

- Adjusted the Community program funding formula to reflect the most recent Census data.

- Continued to focus on increased capital grant funding in lower budget catchment areas.

GOAL 2: Implement the results of the Board's 2005-2007 strategic review and initiate a review of the Foundation's Strategic Positioning

Achievements:

- Completed implementation of strategic review decisions, including $2 million in additional funding for the Future Fund and funds for enhanced capital granting.
- Substantially completed a review of the Foundation's Strategic Positioning, including recommendations around knowledge sharing convening, and other services that add value beyond grantmaking.

GOAL 3: Enhance organizational effectiveness

Achievements:

To help ensure a continuing high level of effectiveness in OTF's governance, business, communications and granting practices, in 2008/09 the Foundation:

- Carried out its annual grantee compliance audit – which complements the Foundation's monitoring of every grant – as well as an audit of declined grant files, and implemented recommendations from previous internal audit reports.
- Completed a risk-based assessment of the Foundation and its granting practices (as required under the government's Transfer Payment Accountability Directive).
- Maintained a high ranking as a cost-effective foundation.
- Continued work on the multi-year Business Process Transformation project to enhance OTF's grantmaking capacity by increasing the efficiency of its granting processes and administrative systems, through electronic service delivery and related functions.
- Maintained and enhanced the Foundation's pro-active communications strategy. Specific achievements included the facilitation of more than 770 grantee recognition events, more than $1.7 million value in earned media coverage, and an award for the OTF Small Towns: Big Impact report from the Council on Foundations.
- Refined OTF's pandemic response plan and began internal testing and training.

Our Vision, Mission and Values

The Ontario Trillium Foundation (OTF), one of Canada's leading grantmaking foundations, is an agency of the Government of Ontario.

Our vision

The Ontario Trillium Foundation is a catalyst that enables Ontarians to work together to enhance the quality of life in their communities. We believe that communities across Ontario are rich in talent, creativity and drive, and our grants stimulate communities to build on these assets.

Our mission

Building healthy and vibrant communities throughout Ontario by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

Our core values and operating principles

The following core values and operating principles guide the Ontario Trillium Foundation and shape its organizational culture. Our volunteers and staff are dedicated to reflecting these values in their actions and relationships.

Accountability and transparency
We appreciate the trust placed in us by the Government of Ontario, and safeguard the public funds we receive through rigorous accountability controls. Our communications programs and operational processes ensure that our guidelines and grant decisions are accessible and transparent to the public.

Excellence
Because we believe passionately that our work enhances the quality of life for people across Ontario, we aim to achieve the highest professional standards of excellence.

Volunteer and staff leadership
Our leadership depends on skilled staff working in productive partnership with knowledgeable volunteers who understand the needs of local communities in their region. Our staff and volunteer human resources practices foster this creative synergy.

Inclusiveness and innovation
Our policies and programs acknowledge that the people of Ontario are diverse and dynamic and that community needs differ across the province. We support creative initiatives that respond to the real needs of Ontario's varied and evolving communities.

Integrity and respect
Our grant decision-making processes, business practices and communications strategies are governed by the principles of honesty, integrity and fairness. We treat all stakeholders respectfully, including volunteers, staff, grant applicants, and members of the public.

Efficiency and impact
We are determined to ensure that public funds are well invested and that our grantmaking and grant-monitoring processes are cost efficient. We consistently measure and evaluate results based on grant outcomes.

Our Granting Priorities

The Foundation will support the building of healthy and vibrant communities through community-based initiatives that strengthen the capacity of organizations in the arts and culture, environment, human and social services and sports and recreation sectors.

In particular, the Foundation will place priority on supporting organizations that work in the following areas to help Ontarians achieve their potential.

Enhanced success for students and learners

A healthy and vibrant community depends on the skills and knowledge of its members.

Whether knowledge and skills are developed in the early years when children start school or much later in life, it is key that people of all ages and abilities are ready to learn. This is why the Ontario Trillium Foundation will place priority on initiatives that:

- Provide community-based learning opportunities and create conditions for achievement for people of all ages and abilities; and
- Help prepare children and youth for success.

This includes, but is not limited to, broadening learning experiences for children and youth; helping children and youth remain and achieve in school; preparing young children to learn; providing opportunities for children and youth to experience positive personal growth; and improving adult literacy through resources and activities.

Healthier and more physically active Ontarians

Encouraging Ontarians to lead healthier lifestyles, as well as improving other determinants of health, such as air and water quality, and providing opportunities for people to enhance their health and well-being will lead to healthier and more physically active Ontarians. To this end, the Ontario Trillium Foundation will place priority on initiatives that:

- Promote physical activity for people of all ages and abilities;
- Promote recreational activities for people of all ages and abilities;
- Enhance and help protect human and ecosystem health;
- Create conditions for people to reach their full health and well-being potential; and
- Promote cultural and artistic activities for people of all ages and abilities.

This includes, but is not limited to, promoting and increasing physical activity; increasing or sustaining recreational and leisure opportunities; helping communities take responsibility to protect the natural environment; supporting systems that sustain health and well-being; sustaining a healthy arts community; and celebrating and preserving heritage.

Enhanced employment and economic potential for workers and their families

The Ontario Trillium Foundation supports initiatives that are innovative and that stimulate economic growth. To this end, OTF will place priority on proposals that support organizations to build skills, create jobs and enhance economic potential for individuals and communities through initiatives that:

- Provide skill development or employment opportunities;
- Sustain and promote a greener economy and community;
- Strengthen the economic health of a community; and
- Help further a community's long-term vision and growth.

This includes, but is not limited to, increasing opportunities for employment for those experiencing barriers including Aboriginal people, newcomers, people with disabilities and at risk youth; strengthening organizations and supporting initiatives that promote a sustainable environment; sustaining the economic viability of the community; and encouraging community planning processes.

More effective volunteers and more people engaged in their communities

Volunteers are the foundation of healthy and caring communities that are safe, clean, secure and vibrant. Providing people with opportunities to actively participate in activities or programs offered within their community also contributes to this. We support initiatives that:

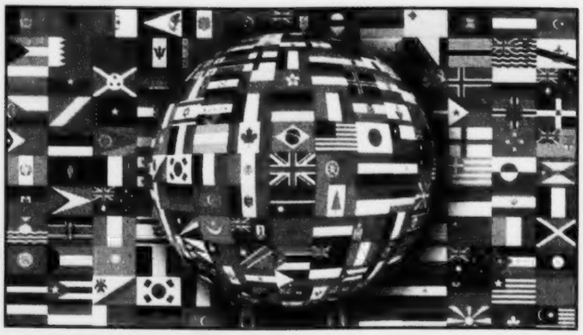
- Create conditions to increase community engagement of people of all ages, abilities and cultures;
- Strengthen volunteerism among people of all ages, abilities and cultures; and
- Strengthen the voluntary sector.

This includes, but is not limited to, building community connections and awareness; promoting and increasing volunteerism, particularly among young people; enhancing the capacity of the volunteer sector and fostering strategic thinking and innovation; and building the capacity of charitable and not-for-profit organizations.

BUILDING HEALTHY AND VIBRANT COMMUNITIES

Featured Grants

OTF Grants Reflect Cultural Mosaic



The Ontario Trillium Foundation prides itself on supporting creative initiatives that respond to the real needs of Ontario's varied and evolving communities. With more than one-quarter of all Ontario residents born outside of Canada as of 2006 and with immigrant numbers on the rise, the need to support Ontario's diverse and dynamic communities is essential.

In 2008, the Foundation awarded grants to cultural groups throughout the province and across our four funding sectors: Arts and Culture, Human and Social Services, Sports and Recreation and Environment. The following grants reflect the cultural diversity of OTF's granting and the worthwhile initiatives having an impact in Ontario communities.

Province-Wide

Environment & Diversity Project c/o Sustainability Network

Grants from the Ontario Trillium Foundation have often been on the leading edge, helping to effect change and create new possibilities. Such is the case with a grant to this province-wide collaborative group, which seeks to improve ethnocultural diversity within Ontario's environment sector.

A grant for $112,000 will allow this group to place ethnoculturally diverse professionals in environmental not-for-profit organizations. This will represent and engage diverse communities in environmental programs. An additional $352,000 from the OTF Future Fund will also help to inspire environmental non-profits to diversify their audience and organizations by providing a multi-level initiative that will lead to long-term sector transformation.

Niagara

Neto Hatinakwe Onkwehowe Native Arts

Aboriginal art is an exciting field and an emerging art market that has truly arrived over the last decade. This group provides arts services to both Aboriginal and non-Aboriginal community members in the Niagara region, and acts as an advocate and promoter of Aboriginal artists in the area.

OTF is helping Neto Hatinakwe Onkwehowe Native Arts to increase Aboriginal cultural support, awareness and programming throughout Niagara thanks to a $65,300 grant. By hiring a researcher, writer and graphic designer this group will be able to develop and deliver an Aboriginal arts-and-culture education program for the Niagara community.

Featured Grants (continued)

Waterloo, Wellington, Dufferin

Planned Parenthood Waterloo Region

Women who come from war zone areas, such as Sudan and Afghanistan, come to Canada with substantially different and pressing needs, and face additional barriers compared to newcomers from non-war zone areas. Many of these women have been victims of rapes and sexual assaults and are left to deal with huge emotional and physical trauma on their own.

Planned Parenthood Waterloo Region understands this reality and is helping them cope with the support of an OTF grant for $44,100. The organization is providing these women with sexual health workshops in safe spaces, which are designed to meet their particular needs and provide individual support through peers and co-facilitators.

Toronto

IMPACT (Indian & Performance Art Collective of Toronto)

Too often, youth at-risk find themselves involved with guns and gangs simply because they lack access to other creative and physical outlets. IMPACT is a group that's truly making a difference in their community by promoting physical and mental health, and diffusing aggression while teaching disciplines that have relevance to many of their participants' cultural heritage.

With the support of an OTF grant for $125,300, IMPACT is promoting physical and mental health by teaching South Asian performance and martial arts to youth at risk.

Champlain

Comité d'action local Rideau-Vanier a/s Centre des services communautaire Vanier

One of OTF's granting priorities is to encourage Ontarians to lead healthier and more physically active lifestyles and this Francophone collaborative group is doing just that. With a mission to help Vanier residents improve their physical, mental and economic well-being, Comité d'action local Rideau-Vanier a/s Centre des services communautaire Vanier will build partnerships to enhance physical activity programming and promote healthy, active living with the help of a $100,000 OTF grant.

Children aged 4 – 12 years will have the opportunity to participate in soccer, swimming, day camps and organized physical activities as a result.

Halton-Peel

Senior Tamils Society of Peel

The Tamil community is a relatively new community in Peel with much of the population being refugees from the civil war in Sri Lanka. Integration into the Canadian way of life can be a harrowing experience however the Senior Tamils Society of Peel is helping smooth the transition for seniors in their local Tamil community with support from OTF.

A grant for $139,300 will pay for a project co-ordinator, space and equipment to help Tamil seniors overcome isolation. Outcomes will include increased volunteerism, participation in recreation and fitness programs and education about environmental issues.

Grey, Bruce, Huron, Perth

Maadookii Seniors Centre

Even small grants can have a big impact, and no one knows this better than the Maadookii Seniors centre. An OTF grant for $15,000 is helping with renovations to this group's seniors centre to improve accessibility, energy efficiency and safety. Upgrades will help to increase participation of First Nation elders in all cultural activities as a result.

Whether in the streets of our major cities or in the most remote parts of our province, OTF is helping to build healthy and vibrant communities of all kinds.

Province-Wide

Association francophone de parents et d'enfants dyslexiques

The only French language organization of its type in Ontario, Association francophone de parents et d'enfants dyslexiques is providing vital support to parents and teachers dealing with children who have learning disabilities often caused by some form of dyslexia.

With the help of an OTF grant for $26,000, this group will develop a strategic plan, increase the efficiency of its website and provide the necessary support to this provincial organization and its capacity to offer support to Francophone children who have learning disabilities and to their teachers and parents.

Future Fund grants brighten Ontario's future

In 2007 the Ontario Trillium Foundation introduced a $2 million Future Fund program to enhance the future of Ontario's communities. In its first year the fund supported the growth and effectiveness of the environment sector in Ontario.

In 2008, $2 million was again provided through the Future Fund to continue to build the leadership and capacity of the environment sector. An additional $2 million was also provided for a new initiative to benefit groups creating innovative economic opportunities in Ontario.

The following grants represent two of the groundbreaking initiatives that received funding this year:

Environment Part 2

FarmON Alliance c/o FarmStart

Ontario's agricultural food sector is receiving support it needs to sustain and grow. FarmON Alliance will build a provincially co-ordinated alliance to support a new generation of ecological locally-focused farmers with the support of a Future Fund grant of $448,900. The initiative will address the issues of farmland access and succession, knowledge transfer, training and resources for new farmers. A number of current environment issues will also be addressed, including food security, farmland protection, urban sprawl, pollution prevention and human health.

The agricultural food sector will also work together to support new farmers through regional workshops, new farmer resources, mentorship and new relationship opportunities between new farmers and farmland owners.

Other organizations involved in this initiative include: FarmStart (Guelph), Ontario Farmland Trust (Guelph), Everdale Farm and Environmental Learning Centre (Hillsburgh), Kawartha Heritage Conservancy (Peterborough), Just Food (Ottawa), Eat Local Sudbury (Sudbury), L'Union des cultivateurs franco-ontariens – UFCO (Ottawa).

Creating Innovative Economic Opportunities

LASI World Skills

Every year, 2,500 immigrants, refugees and newcomers turn to Ottawa's LASI World Skills, the coalition of Local Agencies Serving Immigrants for help integrating into Canadian society. Understanding the barriers many newcomers face in securing employment, the agency provides language training, employment counselling and a host of services to help them adapt to the Canadian job market and to gain employment.

A Foundation grant for $500,000 is supporting LASI's effort to eliminate systemic barriers and enhance the ability of employers in the public, corporate and nonprofit sector to recruit, hire, orient and retain internationally trained workers.

Granting Activities 2008-2009

GRANTS APPROVED - ALL PROGRAMS:

Report on Financial Performance

Ontario Trillium Foundation, March 31, 2009

- In 2008-2009, the Ontario Trillium Foundation received $110.0 million from the Ministry of Culture for its granting programs. ($111.3 million is recorded in the Statement of Operations; the difference came from Deferred Contributions, from underspending in previous years.) Other revenue sources include investment income ($4.1 million), funds made available as a result of rescinded grants ($1.8 million), and $160,000 from the Ministry of Citizenship and Immigration for a funding partnership to be carried out in the following year.
- Of this funding, $104.6 million was pledged for grants, and grantmaking expenses, services to the community, support services, and amortization together amounted to $12.6 million.
- At March 31, 2009, the Foundation held approximately $108.9 million in investments, in fixed income securities (short-term treasury bills and bankers' acceptances). Most of these funds ($104.0 million) are committed to multi-year grant pledges. The Foundation's investments are managed by the Ontario Financing Authority.
- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.
- Accumulated net assets at year-end totaled almost $2.6 million, of which approximately $800,000 was invested in capital assets and $1.8 million represented unrestricted assets.
- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating the monetary value, these contributions are not reflected in the financial statements.
- In April 2009 the Foundation received funds from the Ministry of Culture in the amount of $120 million, representing an increased level of funding over the previous year.

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2009 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2009 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario), we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

Cash, beginning of year	921,472	921,310
Cash, end of year	$ 638,446	$ 921,472

See accompanying notes to financial statements.

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the Ontario government. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

Government funding is subject to Memoranda of Understanding that define how the funds must be invested and distributed.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

Investment income is recorded on the accrual basis.

(b) Financial instruments:

Short-term investments, treasury bills and bankers' acceptances are classified as held-for-trading investments. Short-term investments are carried at fair value as determined at the fiscal year end based on market values for the debt securities.

Transaction costs that are directly attributable to the acquisition of investments are not considered significant and are expensed when paid.

Investment purchase and sale transactions are accounted for on the settlement date.

Cash consists of cash on hand and in banks. Cash equivalents are classified as held-for-trading and are carried at fair value.

1. Significant accounting policies (continued):

Accounts payable and accrued liabilities and grants payable are classified as other financial liabilities and measured at amortized cost.

In accordance with the Accounting Standards Board's decision to exempt not-for-profit organizations from the disclosure requirements with respect to financial instruments contained within The Canadian Institute of Chartered Accountants' ("CICA") Handbook Section 3862, Financial Instruments - Disclosures, and Section 3863, Financial Instruments - Presentation, the Foundation has elected not to adopt these standards in its financial statements.

(c) Grants:

Grants are recorded as expenses in the year that the Foundation approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

(e) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis over the following periods:

Furniture and fixtures	5 years
Computer hardware	3 years
Computer software	3 years
Leasehold improvements	Over term of lease

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

2. Future accounting changes:

The CICA has issued revisions to the Section 4400 series of standards which related to not-for-profit organizations.

Section 4470, Disclosure of Allocated Expenses by Not-For-Profit Organizations, has been added, which requires certain disclosures when fundraising and general support expenses are allocated to other functions. This change will be effective for the year commencing April 1, 2009. The change will enhance the current disclosure requirements but will not change the existing presentation requirements on the statement of operations.

3. Investments:

Investments, at fair value, are as follows:

	2009	2008
Treasury bills	$ 93,801,557	$ 75,169,395
Bankers' acceptances	15,097,871	20,014,914
Deposit notes	–	13,373,520
	$ 108,899,428	$ 108,557,829

All investments are in fixed income securities and mature within the next three months (2008 - three months). These investments bear interest from 0.9% to 1.1% (2008 - 1.9% to 3.6%).

The Ontario Financing Authority acts as OTF's investment manager under an investment management agreement that adheres to OTF's policies and procedures governing risk and also includes additional risk concern measures.

Risk management relates to the understanding and active management of risks associated with all areas of the business and the associated operating environment. Investments are primarily exposed to interest rate, credit and market risks. OTF has formal policies and procedures in place to address these risks.

Interest rate risk arises from the possibility that changes in interest rates will affect the value of fixed income securities held by OTF. The Foundation manages this risk by holding debt issued by the Government of Canada and large Canadian banks, and by staggering the terms of the securities held.

3. Investments (continued):

Credit risk arises from the non-performance by counterparties to the investments. This risk is minimized by dealing only with creditworthy counterparties.

Market risk arises as a result of trading fixed income securities. Fluctuations in the market expose OTF to a risk of loss. The Foundation mitigates this risk through controls to monitor and limit concentration levels.

4. Capital assets:

			2009	2008
	Cost	Accumulated amortization	Net book value	Net book value
Furniture and fixtures	$ 820,478	$ 706,014	$ 114,464	$ 101,246
Computer hardware	1,031,646	788,066	243,580	262,701
Computer software	684,794	404,799	279,995	15,348
Leasehold improvements	1,490,633	1,313,080	177,553	150,895
	$ 4,027,551	$ 3,211,959	$ 815,592	$ 530,190

5. Deferred contributions and grants payable:

(a) Deferred contributions represent funding received from the Ministry that has not yet been pledged as grants. These funds are restricted until grants are approved by the Board and pledged to third parties. OTF has controls in place to ensure that the restrictions are met prior to utilization of these funds.

5. Deferred contributions and grants payable (continued):

	2009	2008
Deferred contributions, beginning of year	$ 4,344,852	$ 3,675,804
Activities during the year:		
Funding received:		
Ministry of Citizenship & Immigration	160,000	–
Ministry of Culture	110,000,000	105,000,000
	110,160,000	105,000,000
Investment income recorded as revenue	4,091,673	7,030,212
Grants pledged	(104,596,300)	(100,306,100)
Grantmaking expenses	(10,963,450)	(10,621,920)
Support services and amortization	(1,382,140)	(1,558,872)
Services to the community	(258,455)	(228,460)
Grants rescinded or recovered	1,796,356	1,354,188
Amounts recognized as Ontario government funding	(111,312,316)	(104,330,952)
Deferred contributions, end of year	$ 3,192,536	$ 4,344,852

(b) Once OTF pledges grants for distribution, the grants are recorded as grants payable. Grants pledged and not yet distributed are payable, subject to the receipt of funds by OTF and to certain performance conditions placed on the recipients. The continuity of grants payable is as follows:

	2009	2008
Grants pledged - Community and Province-Wide grants programs	$ 104,596,300	$ 100,306,100
Grants rescinded	(1,184,600)	(1,076,800)
Grants paid	(102,065,094)	(92,897,912)
	1,346,606	6,331,388
Grants payable, beginning of year	102,688,700	96,357,312
Grants payable, end of year	$ 104,035,306	$ 102,688,700

5. Deferred contributions and grants payable (continued):

Grants are payable to various organizations in the fiscal years ending March 31 as follows:

2010	$ 70,670,206
2011	25,078,300
2012	6,953,900
2013	1,169,600
2014	163,300
	$ 104,035,306

6. Services to the community:

Services to the community are charitable activities other than grants, such as convening, knowledge sharing and technical assistance to community organizations. These contributions include expenses allocated from current operations.

7. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

2010	$ 368,000
2011	304,000
2012	273,000
2013	241,000
2014	7,000
	$ 1,193,000

In relation to these leases, OTF has agreed to indemnify the Landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

OTF's lease for its Toronto head office premises has been extended to February 2013.

8. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

9. Financial instruments:

The carrying values of cash, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The fair value of investments and related risks are disclosed in note 3.

THE ONTARIO TRILLIUM FOUNDATION
LA FONDATION TRILLIUM DE L'ONTARIO

Toronto, le 30 juin 2009

L'honorable Aileen Carroll
Ministre de la Culture
900, rue Bay, 5e étage, édifice Mowat
Toronto (Ontario) M7A 1L2

Madame la ministre,

Au nom du conseil d'administration de la Fondation Trillium de l'Ontario (FTO), j'ai le plaisir de présenter notre rapport annuel pour l'exercice 2008-2009.

Vous trouverez dans ce rapport un bref résumé des objectifs atteints par la Fondation ainsi qu'une liste des subventions octroyées et nos états financiers vérifiés. Cette année, nous avons choisi de présenter certaines initiatives mettant l'accent sur la diversité culturelle dans les quatre secteurs que nous subventionnons : arts et culture, services sociaux, sports et loisirs, et environnement. Nous avons également choisi de présenter deux subventions du Fonds pour l'avenir.

La Fondation s'engage à favoriser l'épanouissement de communautés saines et dynamiques en investissant dans des initiatives communautaires qui renforcent la capacité du secteur bénévole. Nous sommes reconnaissants de l'augmentation des fonds du gouvernement, celle-ci nous a permis d'avoir encore plus d'impact sur les communautés de la province.

Les membres de notre conseil d'administration et de nos équipes d'évaluation des demandes de subventions, tous bénévoles, continuent, avec l'appui d'un personnel professionnel compétent et dévoué, d'offrir un leadership d'une qualité exceptionnelle. C'est avec une fierté collective que nous présentons les succès décrits dans le présent rapport.

Nous apprécions la relation de travail efficace que la FTO entretient avec votre ministère, et nous serons heureux de poursuivre avec vous le travail important que nous faisons ensemble.

Veuillez agréer, madame la ministre, l'expression de notre très haute considération.

La présidente du conseil d'administration,

Helen Burstyn

Message de la présidente
Helen Burstyn

C'est un immense honneur de présider la Fondation Trillium de l'Ontario (FTO). Mon admiration est encore plus grande depuis que je me suis jointe à son conseil d'administration il y a cinq ans. Les organismes sans but lucratif que nous subventionnons s'efforcent de favoriser l'épanouissement de communautés saines et dynamiques partout en Ontario, et leur travail est inspirant. Les subventions de la FTO produisent des résultats incroyables dans toute la province, et cela grâce à des bénévoles dont les efforts sont pour moi une source d'émerveillement constante. Cette année, une fois de plus, les organismes sans but lucratif ont fait preuve de résilience devant les défis croissants qui se posaient à eux et ils ont multiplié les exemples d'innovation et de créativité.

Exemple marquant des subventions novatrices que nous avons octroyées cette année, un deuxième investissement de 2 millions de dollars du Fonds pour l'avenir nous a permis de prendre de la vitesse dans le développement des capacités dans le secteur de l'environnement. Encouragée par les premiers résultats des bénéficiaires des subventions pour l'environnement du Fonds en 2007, la FTO prévoit une croissance continue dans un secteur très sous-financé. Jusqu'à présent, le Fonds pour l'avenir a permis à la FTO d'investir 4 millions de dollars pour encourager la collaboration et le développement du leadership dans le secteur de l'environnement.

C'est aussi grâce au Fonds pour l'avenir que nous avons pu distribuer 2 millions de dollars à des organismes qui travaillent ensemble à éliminer les obstacles à l'emploi et à la création des entreprises sociales. En cette période de récession, cet objectif stratégique est à la fois pertinent et opportun puisqu'il vise des projets qui créent des possibilités économiques novatrices pour les Ontariennes et les Ontariens.

Nous sommes heureux du niveau de confiance que le gouvernement de l'Ontario continue de nous accorder. La Fondation a atteint la deuxième étape de son augmentation de budget annuelle au printemps 2008 et son financement est passé de 105 millions de dollars à 110 millions, ce qui l'aidera à avoir un impact encore plus grand sur les collectivités de l'Ontario.

En 2008-2009, la Fondation a investi 104 596 300 $ dans 1 484 subventions consenties à des organismes caritatifs et sans but lucratif de la province dans ses quatre secteurs. Nous avons notamment :

- octroyé des subventions totalisant plus de 43,4 millions de dollars dans le secteur des services sociaux;
- accordé au secteur des sports et loisirs des subventions d'une valeur de plus de 23,3 millions de dollars;
- dynamisé le secteur des arts et de la culture grâce à un financement de plus de 24,6 millions de dollars;
- consacré plus de 15 millions de dollars au secteur de l'environnement sans but lucratif.

La FTO comprend que la population de l'Ontario est variée et dynamique et que les besoins communautaires ne sont pas les mêmes dans toute la province. Nous sommes déterminés à apporter notre soutien à l'inclusivité et à l'innovation, et nous avons entrepris des activités qui nous permettront d'approfondir notre connaissance des communautés ethniques et marginalisées de l'Ontario. Nos tables rondes avec les médias ethniques nous permettent déjà de mieux comprendre les besoins des différents groupes culturels de la province.

Je suis reconnaissante aux membres du conseil d'administration et des équipes d'évaluation des demandes de subventions, tous bénévoles, qui servent la Fondation avec moi. Leur soutien et leur dévouement jouent un rôle essentiel dans le succès de la Fondation. C'est un honneur pour moi de me trouver en si bonne compagnie.

J'aimerais aussi remercier l'honorable Aileen Carroll, ministre de la Culture, pour son soutien inébranlable à la mission de la FTO, à savoir favoriser l'épanouissement de communautés saines et dynamiques en Ontario. Elle a régulièrement témoigné du soutien qu'elle apporte à la Fondation en assistant à nos événements de reconnaissance.

Les membres du personnel de la FTO, sous la direction du chef de la direction, L. Robin Cardozo, comptent parmi les professionnels les plus brillants avec lesquels j'ai eu l'occasion de travailler. Je salue leur engagement et leur contribution au travail de la Fondation.

Les organismes sans but lucratif sont le filet invisible qui maintient l'Ontario à flot, quel que soit le climat économique. Tandis que la demande de services augmente et que le secteur fait face à de nouvelles pressions, je ne doute pas que la Fondation Trillium de l'Ontario soit en bonne position pour jouer un rôle de premier plan pour assurer l'avenir de notre province.

La présidente du conseil d'administration,

Helen Burstyn

Helen Burstyn

Message du chef de la direction
L. Robin Cardozo

Nous vivons à une époque extraordinaire qui nous oblige à apprendre et à nous adapter constamment. Qu'il s'agisse de l'évolution de la technologie et de nos moyens de communication ou des soubresauts de notre économie, tous les jours nous avons des défis à relever et des occasions à saisir, et il est incontestable qu'à travers tout cela, le secteur sans but lucratif de l'Ontario joue un rôle essentiel dans le maintien du bien-être et de la vitalité de nos communautés.

La Fondation Trillium de l'Ontario (FTO) poursuit fidèlement sa mission qui est de renforcer le secteur bénévole en investissant dans des initiatives communautaires. Cette année, nous avons fait preuve d'un leadership actif dans le secteur sans but lucratif en offrant aux différents groupes des connaissances et des possibilités à partager les uns avec les autres.

L'engagement de la Fondation à faciliter le partage des connaissances est évident dans son travail de recherche continu. Aussi opportunes que pertinentes, les recherches de la FTO contribuent à en faire un chef de file dans le domaine du savoir. Nous avons eu le plaisir de présenter les rapports de notre série Profil de votre communauté. Ils contiennent les données démographiques récentes de Statistique Canada qui permettent au secteur sans but lucratif, aux municipalités et aux gouvernements d'anticiper les changements, de répondre aux besoins à venir et de trouver des solutions au sein des communautés et dans l'ensemble de la province. Les rapports aident aussi à informer les décisions en matière d'octroi de subventions de la Fondation et à lui permettre de continuer de répondre aux besoins des communautés.

En réponse aux préoccupations économiques récentes, la FTO a organisé des échanges en profondeur avec plus de 100 organismes sans but lucratif, petits et grands, représentatifs des secteurs sans but lucratif qu'elle subventionne. Les personnes interrogées dans le cadre de cette étude, dénommée avec raison Défis et possibilités pour le secteur sans but lucratif de l'Ontario en temps économiques difficiles, ont demandé à la FTO de jouer un plus grand rôle dans le partage des pratiques exemplaires et le rassemblement des groupes au sein du secteur. Nous avons organisé avec succès notre premier webinaire et groupe de discussion en ligne pour examiner les résultats les plus importants de l'étude.

Dans la foulée du travail effectué pour simplifier les procédures administratives et d'octroi des subventions, nous avons eu le plaisir cette année de mettre à l'essai le nouveau processus de demande de subvention en ligne dans deux de nos régions. Les demandeurs de Thames Valley et de Champlain ont été satisfaits du formulaire en ligne facile à utiliser qui réduisait le nombre de questions. Les réactions ont été extrêmement encourageantes. Nous sommes sur la bonne voie et devrions offrir des formules de demandes de subvention et des services d'évaluation des demandes en ligne dans tout l'Ontario d'ici 2010.

Comme toujours, je suis extrêmement reconnaissant aux membres de notre conseil d'administration et de nos équipes d'évaluation des demandes de subventions, tous bénévoles, dont l'engagement passionné envers la collectivité a été un élément essentiel du succès continu de la Fondation. Je voudrais aussi remercier tout particulièrement la présidente du conseil d'administration de la FTO, Helen Burstyn, dont le dévouement et l'énergie sont une inspiration pour nous tous.

Les membres du personnel de la FTO sont des professionnels engagés et pleins de talent qui continuent à placer toujours plus haut la barre de l'excellence. C'est un honneur pour moi d'être à leur tête et j'apprécie le soutien sans faille qu'ils apportent au travail de la Fondation.

L'année a été particulièrement importante pour 36 des membres du personnel, qui ont célébré leurs 10 ans de service et plus à la FTO. Je suis fier de ce remarquable accomplissement et du milieu de travail marqué par la collaboration et le soutien qui a joué un rôle dans ce succès. Nous avons eu le plaisir de célébrer cet événement important au début de 2009.

Nous poursuivons notre chemin en sachant que le voyage risque d'être difficile. Les organismes devront s'adapter en réponse au changement du climat économique, et la résistance du secteur sans but lucratif sera mise à l'épreuve. La FTO a un rôle important à jouer dans la conjoncture actuelle. Nous continuerons de rassembler le secteur et d'offrir les connaissances et les ressources nécessaires pour renforcer les communautés de l'Ontario.

Le chef de la direction,

Robin Cardozo

L. Robin Cardozo

RESPONSABILITÉ, IMPACT ET EFFICACITÉ ORGANISATIONNELLE

Aperçu des réalisations de 2008-2009 de la Fondation Trillium de l'Ontario

Le plan d'affaires de la Fondation Trillium de l'Ontario englobe trois buts principaux dont chacun est appuyé par des objectifs. Le compte rendu suivant fait la synthèse des réalisations de l'organisme liées à ses buts et ses objectifs.

BUT 1 : Faire des investissements qui favorisent l'épanouissement de communautés saines et dynamiques, et renforcer les capacités du secteur bénévole

---

Objectif 1 : Accorder des subventions qui nous permettent de réaliser nos priorités

Nous avons :

- Attribué à 100 pour cent le budget des subventions de l'exercice dans chaque programme de subvention et dans chaque région.
- Atteint les cibles de subvention par catégorie de secteur d'attribution : 24 pour cent des fonds pour le secteur des arts et de la culture; 13 pour cent pour le secteur de l'environnement; 41 pour cent pour le secteur des services sociaux et 22 pour cent pour le secteur des sports et loisirs.
- Augmenté de façon notable les subventions accordées au secteur de l'environnement : au cours des trois dernières années, les subventions accordées dans ce secteur sont passées de 7,6 millions de dollars (2005-2006) à 13,2 millions de dollars (2008 2009).
- Atteint les cibles de subvention pour les quatre priorités de la FTO. Les subventions accordées aux termes de la priorité « meilleures possibilités d'emploi et de développement économique » ont doublé par rapport à l'exercice précédent pour atteindre 14 millions de dollars.

Objectif 2 : Augmenter la portée des subventions de la FTO

Nous avons :

- Publié Petites villes : Grand impact, une étude visant à évaluer les effets des subventions de la FTO dans les petites localités de la province.
- Poursuivi le travail sur le projet pluriannuel visant à établir des moyens de mesurer la santé et le dynamisme des communautés, notamment les consultations menées auprès des intervenants et des communautés. Les résultats initiaux de cette recherche approfondie seront présentés et discutés dans le cadre de la conférence sur le perfectionnement professionnel de la FTO en novembre 2009.

Le Kapuskasing Nordic Ski Club, le Club de ski Rémi de Moonbeam et le ski-hill lodge de Kapuskasing ont tous aidé à la revitalisation de l'économie de leur communauté.

- Travaillé pour améliorer l'impact à long terme du secteur sans but lucratif de l'Ontario en accordant des subventions pour renforcer les capacités organisationnelles, et présenté un examen détaillé de l'impact de ce financement.

- Établi un partenariat avec le ministère des Affaires civiques et de l'Immigration afin de renforcer les capacités des organismes bénévoles de l'Ontario, avec priorité les petits et moyens groupes à l'extérieur des centres urbains.

- Chaque 10 $ accordé sous forme de subvention lors des trois dernières années a permis d'obtenir 17,50 $ en heures de bénévolat, en contributions non financières et en financements directs provenant d'autres sources.

Objectif 3 : Renforcer le rôle de leader et de rassembleur de la Fondation

Nous avons :

- Poursuivi la mise en application de la stratégie de gestion des connaissances de la Fondation, dont les pierres angulaires sont les nouveaux plans concernant la recherche, le partage des connaissances, le rassemblement et les communications qui permettront à la Fondation d'élargir son rôle et de fournir du soutien au secteur sans but lucratif au-delà du financement assuré par les subventions.

- Dans le cadre d'un nouveau plan de rassemblement, augmenté considérablement les activités à l'appui de cet objectif et regroupé les bénéficiaires de subventions, d'autres intervenants et les membres du personnel et des bénévoles de la Fondation dans des secteurs jugés prioritaires, notamment les groupes autochtones, les communautés rurales et du Nord et les organismes du secteur de l'environnement.

- Publié Profil de votre communauté – une série de 17 rapports statistiques individualisés sur les tendances économiques, sociales et démographiques en Ontario fondés sur des données extraites des résultats du recensement de 2006 – afin d'aider les organismes sans but lucratif et leurs bailleurs de fonds à faire face aux besoins communautaires émergeants et futurs.

- Publié Défis et possibilités pour le secteur sans but lucratif de l'Ontario en temps économiques difficiles, le résultat d'entrevues menées auprès de plus de 100 organismes sans but lucratif de l'Ontario dans le cadre de ce qui constitue la première étape d'un projet visant à travailler avec le secteur et avec d'autres bailleurs de fonds pour mieux comprendre les conséquences de la récession et mieux y réagir.

Objectif 4 : Rendre l'accès aux subventions de la FTO plus équitables

Nous avons :

- Lancé des activités ciblées de prise de contact pour encourager les populations défavorisées et sous-servies à faire des demandes de subvention, y compris les Autochtones, les Francophones, les minorités ethnoculturelles et raciales, les groupes du Nord, les groupes ruraux et les résidents des groupes des quartiers urbains prioritaires.

- Augmenté de façon notable les subventions accordées aux communautés des Premières nations, des Métis et des Autochtones. En trois ans, les subventions accordées à ces communautés sont passées de 3 millions de dollars en 2005 2006 à 8,2 millions en 2008 2009 (ces chiffrent n'incluent pas les subventions qui desservent plusieurs communautés).

- Rajusté la formule de financement du programme communautaire pour l'aligner sur les données les plus récentes du recensement.

- Poursuivi le travail sur l'augmentation des subventions d'immobilisations dans les régions géographiques dont le budget est moins élevé.

BUT 2 : Mettre en application les résultats de l'étude stratégique effectuée en 2005-2007 par le conseil d'administration et entamer un examen du positionnement stratégique de la Fondation

---

Nous avons :

- Terminé la mise en application des décisions issues de l'étude stratégique, notamment l'injection de 2 millions de dollars supplémentaires dans le Fonds pour l'avenir et de fonds visant à augmenter les subventions d'immobilisations.

- Terminé à toutes fins pratiques un examen du positionnement stratégique de la Fondation, et formulé des recommandations au sujet du partage des connaissances, du rassemblement et d'autres services qui constituent une valeur ajoutée au-delà des subventions.

BUT 3 : Améliorer l'efficacité organisationnelle

Nous avons :

Pour maintenir le niveau élevé d'efficacité de la FTO dans la gouvernance, les activités, les communications et les pratiques d'octroi des subventions, nous avons pris les mesures suivantes en 2008-2009 :

- Nous avons fait la vérification annuelle de la conformité des bénéficiaires – ce qui complète le contrôle de chaque subvention effectué par la Fondation – ainsi que des dossiers refusés, et mis en œuvre les recommandations des vérifications internes antérieures.

- Nous avons terminé une évaluation en fonction du risque de la Fondation et de ses pratiques d'octroi de subventions (tel que l'exige la Directive sur l'obligation de rendre compte en matière de paiements de transfert du gouvernement).

- Nous avons maintenu un rang élevé parmi les fondations qui limitent leurs dépenses.

- Nous avons poursuivi le travail sur le projet pluriannuel de transformation des processus opérationnels visant à renforcer la capacité d'octroi des subventions de la FTO. Pour cela, nous avons rationalisé les procédés d'octroi et les systèmes administratifs et les avons rendus plus efficaces à l'aide de la prestation de services par voie électronique et de fonctions connexes.

- Nous avons maintenu et amélioré la stratégie de communication proactive de la Fondation. Parmi les exemples concrets de réalisations, on note l'animation de plus de 770 événements de reconnaissance des bénéficiaires, un investissement de plus de 1,7 million de dollars dans la couverture médiatique et, pour la quatrième année consécutive, l'obtention d'un prix de l'organisme américain Council on Foundations pour la qualité du projet Petites villes : Grand impact.

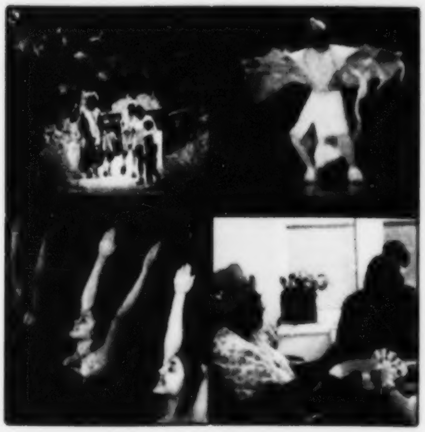
- Nous avons raffiné le plan d'intervention de la FTO en cas de pandémie et commencé la formation et la mise à l'essai à l'interne.

Notre vision, notre mission et nos valeurs

La Fondation Trillium de l'Ontario (FTO), l'une des plus importantes fondations subventionnaires au Canada, relève du gouvernement de l'Ontario.

Notre vision

La Fondation Trillium de l'Ontario joue un rôle de catalyseur afin de permettre aux Ontariennes et aux Ontariens de travailler ensemble pour améliorer la qualité de vie de leur communauté. Nous croyons que toutes les communautés de l'Ontario débordent de talent, de créativité et d'énergie, et que nos subventions encouragent les communautés à développer ces atouts.



Notre mission

Favoriser l'épanouissement de communautés saines et dynamiques en Ontario, en investissant dans des initiatives communautaires qui renforcent les capacités du secteur bénévole.

Nos valeurs fondamentales et principes directeurs

Les valeurs fondamentales et principes directeurs ci-dessous guident la Fondation dans son travail et imprègnent sa culture organisationnelle. Nos bénévoles et notre personnel mettent tout en œuvre pour que ces valeurs se reflètent dans leurs actions et leurs relations de travail.

Responsabilité et transparence
Nous apprécions la confiance que le gouvernement de l'Ontario nous accorde et avons des mesures de contrôle rigoureuses pour protéger les fonds publics que nous recevons. Grâce à nos programmes de communication et nos procédés opérationnels, nos lignes directrices et nos décisions concernant les subventions sont transparentes et accessibles au public.

Excellence
Nous avons la profonde conviction que notre travail améliore la qualité de vie des gens en Ontario. Par conséquent, nous cherchons à répondre aux normes d'excellence professionnelle les plus élevées.

Leadership des bénévoles et du personnel
Notre leadership repose sur un personnel compétent qui travaille en partenariat avec des bénévoles bien informés qui comprennent les besoins des communautés dans leur région. Les pratiques de ressources humaines établies pour le personnel et les bénévoles favorisent cette fructueuse synergie.

Inclusion et innovation
Dans nos politiques et programmes, nous reconnaissons la diversité et le dynamisme de la population ontarienne ainsi que la diversité des besoins locaux dans la province. Nous soutenons des initiatives novatrices qui répondent aux besoins réels, variés et changeants des communautés de l'Ontario.

Intégrité et respect
Dans notre processus décisionnel, nos pratiques d'affaires et nos stratégies de communication, nous nous laissons guider par les principes d'honnêteté, d'intégrité et d'équité. Nous traitons tous nos intervenants avec respect, y compris les bénévoles, les membres du personnel, les demandeurs de subvention et le public.

Efficacité et impact
Nous sommes déterminés à bien investir les fonds publics et à réduire au maximum le coût de nos procédés d'octroi et de contrôle des subventions. Nous mesurons et évaluons constamment les résultats des initiatives que nous subventionnons.

Nos priorités en matière de subventions

La Fondation Trillium de l'Ontario favorise l'épanouissement de communautés saines et dynamiques en investissant dans des initiatives communautaires qui renforcent les capacités des organismes dans les secteurs des arts et de la culture, de l'environnement, des services sociaux et des sports et loisirs.

En particulier, la Fondation appuie de façon prioritaire les organismes qui aident les Ontariennes et les Ontariens à réaliser leur plein potentiel dans les domaines ci-dessous.

La réussite des étudiants et apprenants

Une communauté saine et dynamique dépend des compétences et des connaissances de ses membres. Que ces connaissances et compétences soient acquises en bas âge lorsque les enfants font leur entrée à l'école ou plus tard dans la vie, il est essentiel que les personnes de tout âge et de toute capacité soient prêtes à apprendre. C'est pourquoi la Fondation Trillium de l'Ontario accorde la priorité aux initiatives qui :

- offrent des possibilités d'apprentissage au sein de la communauté et créent des conditions de succès pour les personnes de tout âge et de toute capacité;
- aident à préparer les enfants et adolescents à réussir.

Cela comprend, notamment, ajouter à l'éventail des expériences d'apprentissage des enfants et adolescents, les aider à persévérer et à réussir leurs études, préparer les jeunes enfants à apprendre, donner aux enfants et aux adolescents des occasions de croissance personnelle et fournir des ressources et activités susceptibles d'améliorer le niveau d'alphabétisme des adultes.

Une population en meilleure santé et plus active

La Fondation Trillium de l'Ontario veut encourager les Ontariennes et les Ontariens à adopter des modes de vie plus sains, à améliorer d'autres facteurs déterminants de la santé, tels que la qualité de l'air et de l'eau, et à fournir aux gens des occasions d'améliorer leur santé et leur bien-être. À cette fin, la FTO accorde la priorité aux initiatives qui :

- incitent à l'activité physique les personnes de tout âge et de toute capacité;
- créent des loisirs pour les personnes de tout âge et toute capacité;
- améliorent et protègent la santé humaine et la salubrité des écosystèmes;
- créent des conditions favorisant chez les gens un état de santé et de bien-être maximal;
- favorisent la tenue d'activités culturelles et artistiques pour les gens de tout âge et de toute capacité.

Nos priorités en matière de subventions (suite)

Cela comprend, notamment, promouvoir et accroître l'activité physique, augmenter et soutenir les programmes de loisirs, aider les communautés à s'engager à protéger l'environnement naturel, appuyer les systèmes qui gardent les gens en bonne santé, aider au maintien de communautés artistiques dynamiques, ainsi que célébrer et conserver le patrimoine.

De meilleures possibilités d'emploi et de développement économique pour les travailleurs et leurs familles

La Fondation Trillium de l'Ontario finance des initiatives novatrices qui stimulent la croissance économique. À cette fin, la FTO accorde la priorité aux demandes susceptibles d'aider les organismes à acquérir des compétences, à créer des emplois et à améliorer le potentiel économique de leur communauté grâce à des initiatives qui :

- facilitent l'acquisition de compétences et améliorent les possibilités d'emploi;
- préservent et favorisent un environnement vert;
- renforcent l'économie de la communauté;
- contribuent à l'essor de la communauté et à la réalisation de sa vision.

Cela comprend, notamment, augmenter les possibilités d'emploi des personnes qui se heurtent à des obstacles, dont les peuples autochtones, les personnes ayant un handicap et les jeunes à risque, renforcer les organismes et appuyer les initiatives qui favorisent un environnement durable, soutenir la vitalité économique de la communauté et encourager la planification communautaire.

Des bénévoles plus efficaces et davantage de personnes travaillant au bien-être de leur communauté

Les bénévoles sont le pilier des communautés saines et solidaires où règnent sécurité, propreté et dynamisme. Et fournir aux gens l'occasion de participer activement aux activités ou programmes offerts dans leur communauté contribue également à une telle situation. Ainsi, la FTO finance les initiatives qui :

- créent des conditions susceptibles d'accroître l'engagement communautaire des personnes de tout âge, de toute capacité et de toute culture;
- favorisent l'engagement bénévole des gens de tout âge, de toute capacité et de toute culture;
- renforcent le secteur bénévole.

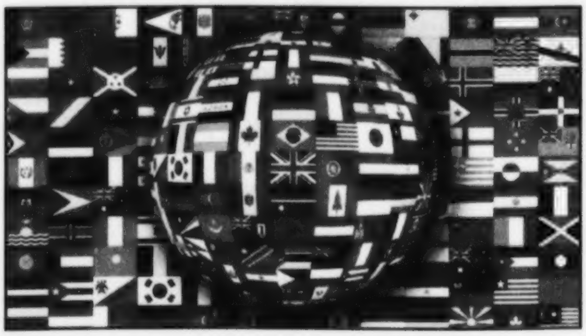
Cela comprend, notamment, favoriser la communication et la sensibilisation communautaires, promouvoir et augmenter le bénévolat, surtout chez les jeunes, améliorer les capacités du secteur bénévole et l'inciter à la pensée stratégique et à l'innovation, et renforcer les capacités des organismes de bienfaisance et sans but lucratif.

BÂTIR DES COMMUNAUTÉS SAINES ET DYNAMIQUES

Subventions principales

Les subventions de la FTO reflètent la mosaïque culturelle de la province

La Fondation Trillium de l'Ontario (FTO) est fière de subventionner des initiatives novatrices qui répondent aux besoins réels des communautés variées et en évolution constante de l'Ontario. Si l'on songe qu'en 2006, les données indiquaient que plus d'un quart de tous les résidants de l'Ontario n'étaient pas nés au Canada et que le nombre des immigrants augmente sans cesse, on se rend compte qu'il est essentiel d'apporter un soutien aux communautés diversifiées et dynamiques de l'Ontario.



En 2008, la Fondation a octroyé des subventions à des groupes culturels de toutes les régions de la province et dans ses quatre secteurs : arts et culture, services sociaux, sports et loisirs et environnement. Les subventions décrites ci dessous illustrent la diversité culturelle des fonds accordés par la FTO et certaines des initiatives intéressantes qui ont un impact positif dans les communautés de l'Ontario.

Subvention provinciale

Environment & Diversity Project c/o Sustainability Network

Les subventions de la FTO sont souvent à l'avant-garde du progrès et elles contribuent souvent à créer des changements et de nouvelles possibilités. C'est le cas de la subvention accordée à ce partenariat provincial qui cherche à améliorer la diversité ethnoculturelle dans le secteur de l'environnement de l'Ontario.

Une subvention de 112 000 $ permettra à cet organisme de placer des professionnels d'origines ethnoculturelles variées dans des organismes environnementaux sans but lucratif. Cela permettra à des communautés diverses d'être représentées et impliquées dans des programmes environnementaux. Un montant supplémentaire de 352 000 $ provenant du Fonds pour l'avenir de la FTO vise également à inspirer les organismes environnementaux sans but lucratif à diversifier leurs auditoires et leurs organismes, une initiative à plusieurs niveaux qui encouragera la transformation du secteur à long terme.

Niagara

Neto Hatinakwe Onkwehowe Native Arts

L'art autochtone est un domaine passionnant et représente un marché d'art émergent qui a réellement connu du succès au cours des dix dernières années. Ce groupe offre des services liés à l'art aux membres de la communauté autochtone et non autochtone de la région de Niagara et se fait le porte-parole et le promoteur des artistes autochtones de la région.

Subventions principales

La subvention de 65 300 $ de la FTO aide le groupe Neto Hatinakwe Onkwehowe Native Arts à augmenter la sensibilisation et le soutien à la culture autochtone ainsi que les programmes culturels dans toute la région de Niagara. L'organisme pourra embaucher une personne chargée de la recherche, de la rédaction et de la conception graphique afin de créer et de dispenser un programme d'éducation en arts et culture autochtones pour la population de la région de Niagara.

Waterloo, Wellington, Dufferin

Planned Parenthood Waterloo Region

Les femmes qui viennent de pays en guerre, comme le Soudan et l'Afghanistan, arrivent au Canada avec des besoins pressants et tout à fait différents, et se heurtent à des obstacles supplémentaires que ne connaissent pas les nouvelles arrivantes de pays en paix. Beaucoup de ces femmes ont été victimes de viols et d'agressions sexuelles et se retrouvent seules pour faire face à de terribles traumatismes physiques et émotionnels.

Le groupe Planned Parenthood Waterloo Region comprend cette réalité et, avec le soutien d'une subvention de 44 100 $ de la FTO, aide ces femmes à surmonter leurs difficultés. Il leur offre, dans des endroits sûrs, des ateliers sur la santé sexuelle qui ont pour objet de répondre à leurs besoins particuliers où des animatrices et d'autres femmes dans la même situation leur offrent un soutien individuel.

Toronto

IMPACT (Indian & Performance Art Collective of Toronto)

Il arrive trop souvent que les jeunes à risque se retrouvent avec des armes à feu dans des bandes simplement parce qu'ils n'ont pas accès à d'autres activités physiques et créatrices. IMPACT est un groupe qui contribue vraiment à changer la situation dans la communauté en encourageant la santé physique et mentale chez les jeunes et en les détournant de l'agressivité grâce à l'enseignement de disciplines qui ont un lien avec le patrimoine culturel d'un grand nombre d'entre eux.

Avec l'aide d'une subvention de 125 300 $ de la FTO, IMPACT favorise le développement de la santé physique et mentale chez les jeunes à risque en leur enseignant les arts martiaux de l'Asie du Sud.

Champlain

Comité d'action local Rideau-Vanier a/s Centre des services communautaires Vanier

L'une des priorités de la FTO est d'encourager la population ontarienne à mener une vie plus saine et plus active, et c'est exactement ce que fait ce partenariat francophone. Une subvention de 100 000 $ de la FTO permettra au Comité d'action local Rideau-Vanier a/s Centre des services communautaires Vanier d'établir des partenariats visant à renforcer les programmes d'activité physique et à promouvoir une vie saine et active. La subvention accordée de 100 000 $ permettre à cet organisme de Vanier d'améliorer le bien-être physique, mental et économique des résidents.

Les enfants de 4 à 12 ans auront ainsi la possibilité de jouer au soccer, de faire de la natation et de participer à des camps de jour et à d'autres activités physiques organisées.

Halton-Peel

Senior Tamils Society of Peel

La communauté tamoule, constituée en grande partie de réfugiés de la guerre civile au Sri Lanka, est une communauté relativement nouvelle à Peel. L'intégration au mode de vie canadien peut s'avérer une expérience difficile, mais avec le soutien de la FTO, l'organisme Senior Tamils Society of Peel peut aider les personnes âgées à faire la transition.

Une subvention de 139 300 $ permettra au groupe de recruter un coordonnateur de projet et de se procurer l'espace et le matériel nécessaires pour aider les personnes âgées tamoules à sortir de leur isolement. Les résultats visés comprennent une augmentation du bénévolat, la participation à des programmes de loisirs et de forme physique et l'éducation sur les problèmes environnementaux.

Grey, Bruce, Huron, Perth

Maadookii Seniors Centre

Même les petites subventions peuvent avoir un grand impact, et l'organisme Maadookii Seniors Centre le sait mieux que quiconque. Grâce à une subvention de 15 000 $ de la FTO, ce centre pour les aînés est en train de faire des rénovations pour devenir plus accessible, plus éconergétique et plus efficace. Les améliorations permettront à un plus grand nombre d'aînés des Premières nations de participer à toutes les activités culturelles offertes par le centre.

Dans les rues de nos grandes villes comme dans les coins les plus éloignés de la province, la FTO aide à bâtir des communautés saines et dynamiques de toutes sortes.

Subvention provinciale

Association francophone de parents et d'enfants dyslexiques

Le seul organisme francophone en son genre dans la province, l'Association francophone de parents et d'enfants dyslexiques fournit un soutien vital aux parents et aux enseignants d'enfants ayant des difficultés d'apprentissage causées par une forme ou l'autre de dyslexie.

La subvention de 26 000 $ que ce groupe a obtenue de la FTO lui permettra d'élaborer un plan stratégique, d'améliorer l'efficacité de son site web et de fournir du soutien aux enfants francophones ayant des difficultés d'apprentissage ainsi qu'à leurs enseignants et leurs parents.

Les subventions du Fonds pour l'avenir injectent de la vigueur dans l'avenir de l'Ontario

En 2007, la Fondation Trillium de l'Ontario a créé le Fonds pour l'avenir de 2 millions de dollars dans le but de donner aux communautés de l'Ontario un avenir plus prometteur. Au cours de sa première année, ce fonds a soutenu la croissance et l'efficacité du secteur de l'environnement de l'Ontario.

En 2008, 2 millions de dollars ont été accordés une fois de plus par le Fonds pour l'avenir dans le but de poursuivre le renforcement du leadership et des capacités dans le secteur de l'environnement. Deux millions de dollars de plus ont également été versés à une nouvelle initiative visant à appuyer les groupes qui créent des possibilités économiques novatrices en Ontario.

Les subventions suivantes ont été octroyées cette année à deux des initiatives les plus innovantes :

Environnement 2^e partie

FarmON Alliance c/o Farm Start

Le secteur agro-alimentaire de l'Ontario vient de recevoir le soutien dont il a besoin pour assurer sa viabilité et poursuivre sa croissance. L'organisme FarmON Alliance a obtenu une subvention de 448 900 $ du Fonds pour l'avenir afin d'établir une alliance provinciale coordonnée qui soutiendra une nouvelle génération d'agriculteurs à l'esprit écologique. Cette initiative portera sur l'accès aux terres agricoles et la succession, le transfert des connaissances, la formation et les ressources offertes aux nouveaux agriculteurs. L'initiative touchera également à un certain nombre de problèmes environnementaux actuels, y compris la sécurité alimentaire, la protection des terres agricoles, l'expansion des centres urbains, la prévention de la pollution et la santé humaine.

Le secteur agro-alimentaire travaillera de manière concertée pour donner du soutien aux nouveaux agriculteurs et leur offrira des ateliers régionaux, de nouvelles ressources, du mentorat et la possibilité d'établir de nouveaux liens avec les propriétaires de terres agricoles.

D'autres organismes participent également à cette initiative, notamment FarmStart (Guelph), Ontario Farmland Trust (Guelph), Everdale Farm and Environmental Learning Centre (Hillsburg), Kawartha Heritage Conservancy (Peterborough), Just Food (Ottawa), Eat Local Sudbury (Sudbury) et L'Union des cultivateurs franco-ontariens – UCFO (Ottawa).

Créer des possibilités économiques innovantes

LASI Compétences mondiales

Chaque année, quelque 2 500 immigrants, réfugiés et nouveaux arrivants s'adressent à LASI Compétences mondiales, une coalition d'organismes locaux desservant les immigrants à Ottawa, afin d'obtenir de l'aide pour s'intégrer à la société canadienne. Cet organisme, comprend très bien les obstacles auxquels font face de nombreux nouveaux arrivants pour obtenir un emploi, offre des cours de langue, des services de counseling d'emploi et une foule d'autres services qui les aident à s'adapter au marché du travail canadien et à obtenir un emploi.

La FTO a accordé à LASI une subvention de 500 000 $ afin d'appuyer les efforts que fait cet organisme pour éliminer les obstacles systémiques et permettre aux employeurs des secteurs public, privé et sans but lucratif de recruter, d'embaucher, de former et de maintenir des travailleurs formés à l'étranger.

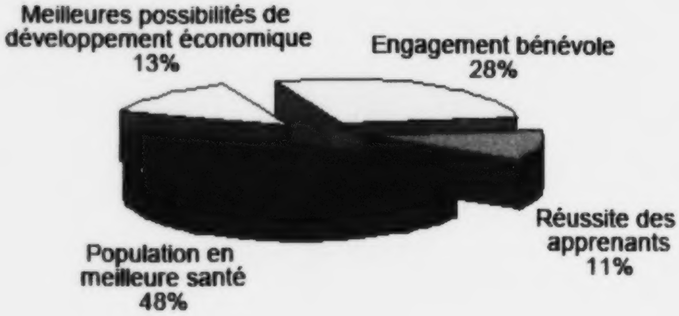
Activités de financement en 2008-2009

SUBVENTIONS APPROUVÉES – TOUS LES PROGRAMMES :

Programmes de subvention	Montants approuvés	Nombre de subventions
Programme communautaire	81 116 500 $	1 366
Programme provincial	19 479 800 $	107
Fonds pour l'avenir	4 000 000 $	11
Total des subventions approuvées	**104 596 300 $**	**1 484**

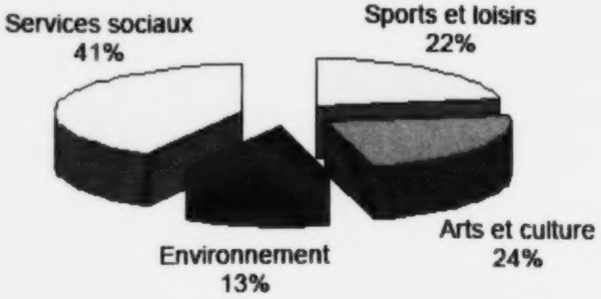
SUBVENTIONS COMMUNAUTAIRES ET PROVINCIALES PAR PRIORITÉ du 1er avril 2008 au 31 mars 2009

Objectifs	
Réussite des apprenants	10-20 %
Population en meilleure santé	40-50 %
Meilleures possibilités de développement économique	10-20 %
Engagement bénévole	30-40 %



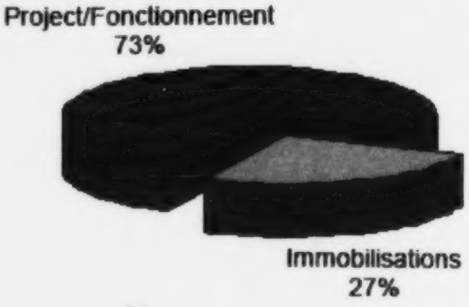
SUBVENTIONS COMMUNAUTAIRES ET PROVINCIALES PAR SECTEUR du 1er avril 2008 au 31 mars 2009

Objectifs	
Arts et culture	20-50 %
Environnement	5-20 %
Services sociaux	30-60 %
Sports et loisirs	20-50 %



SUBVENTIONS COMMUNAUTAIRES ET PROVINCIALES PAR TYPE DE FINANCEMENT du 1er avril 2008 au 31 mars 2009

Objectifs	
Immobilisations	20-40 %



Sommaire des subventions

RAPPORT FINANCIER

Rapport sur le rendement financier de la Fondation

La Foundation Trillium de l'Ontario, le 31 mars 2009

- En 2008-2009, la Fondation Trillium de l'Ontario a reçu 110 millions de dollars du ministère de la Culture pour ses programmes de subventions. (111,3 millions sont comptabilisés au bilan des opérations; la différence provient des Apports reportés, attribuable aux fonds non épuisés des années précédentes.) D'autres sources de revenus comprennent des revenus de placement (4,1 millions de dollars), des fonds provenant de subventions annulées (1,8 million de dollars) et 160 000 dollars provenant du ministère des Affaires civiques et de l'Immigration en vue de l'établissement d'un partenariat au cours de l'année à venir.

- Sur l'ensemble de ces fonds, 104,6 millions de dollars ont été affectés aux subventions, et les dépenses combinées au titre de l'octroi des subventions, des services à la communauté, des services de soutien et de l'amortissement s'élevaient à 12,6 millions de dollars.

- Au 31 mars 2009, la Fondation détenait environ 108,9 millions de dollars dans des placements, des valeurs à revenu fixe (bons du Trésor à court terme et acceptations bancaires). La majeure partie de ces fonds (104 millions de dollars) représentent des engagements au titre des subventions pluriannuelles. Les placements de la Fondation sont gérés par l'Office ontarien de financement.

- Des fonds peuvent être recouvrés ou des versements prévus peuvent être annulés si les circonstances (p. ex. activités planifiées, budgets) changent ou si les conditions régissant une subvention ou les objectifs de rendement ne sont pas respectés.

- L'actif net accumulé à la fin de l'exercice s'élevait à presque 2,6 millions de dollars. Sur ce montant, environ 800 000 dollars ont été placés dans des immobilisations et 1,8 million de dollars représentent l'actif non affecté.

- Les bénévoles contribuent considérablement au fonctionnement de la Fondation. Comme il est difficile d'évaluer la valeur monétaire du travail des bénévoles, celui-ci n'est pas inclus dans les états financiers.

- En avril 2009, le ministère de la Culture a versé à la Fondation 120 millions de dollars, ce qui représente un niveau de financement plus élevé que celui de l'exercice précédent.

RAPPORT DES VÉRIFICATEURS

Au conseil d'administration de La Fondation Trillium de l'Ontario

Nous avons vérifié le bilan de La Fondation Trillium de l'Ontario au 31 mars 2009 et les états des résultats, de l'évolution des actifs nets et des flux de trésorerie de l'exercice terminé à cette date. La responsabilité de ces états financiers incombe à la direction de la Fondation. Notre responsabilité consiste à exprimer une opinion sur ces états financiers en nous fondant sur notre vérification.

Notre vérification a été effectuée conformément aux normes de vérification généralement reconnues du Canada. Ces normes exigent que la vérification soit planifiée et exécutée de manière à fournir l'assurance raisonnable que les états financiers sont exempts d'inexactitudes importantes. La vérification comprend le contrôle par sondages des éléments probants à l'appui des montants et des autres éléments d'information fournis dans les états financiers. Elle comprend également l'évaluation des principes comptables suivis et des estimations importantes faites par la direction, ainsi qu'une appréciation de la présentation d'ensemble des états financiers.

À notre avis, ces états financiers donnent, à tous les égards importants, une image fidèle de la situation financière de la Fondation au 31 mars 2009 ainsi que des résultats de ses activités et de ses flux de trésorerie pour l'exercice terminé à cette date selon les principes comptables généralement reconnus du Canada. Conformément aux exigences de la *Loi sur les personnes morales* de l'Ontario, nous déclarons que, à notre avis, ces principes ont été appliqués de la même manière qu'au cours de l'exercice précédent.

La Fondation Trillium de l'Ontario (la « Fondation » ou « FTO »), organisme du ministère de la Culture (le « Ministère »), est soutenue financièrement par le gouvernement de l'Ontario. La FTO a entrepris ses activités à titre d'organisme sans lien de dépendance avec le gouvernement de l'Ontario le 23 août 1982 et a été constituée sans capital-actions en vertu des lois de l'Ontario selon des lettres patentes datées du 17 novembre 1982. L'objectif de la FTO consiste à créer des collectivités saines et dynamiques partout en Ontario en renforçant les capacités du secteur bénévole par des investissements dans les projets communautaires.

Le financement du gouvernement est assujetti à un protocole d'entente qui établit la façon dont les fonds doivent être investis et distribués.

1. Principales conventions comptables

Les présents états financiers ont été dressés selon les principes comptables généralement reconnus du Canada appliqués dans le cadre des principales conventions comptables résumées ci-après :

a) Constatation des produits

La FTO suit la méthode du report pour comptabiliser les apports, qui comprennent le financement accordé par le gouvernement. Les apports non affectés sont constatés à titre de produits lorsqu'ils sont reçus ou comme montants à recevoir, s'ils peuvent faire l'objet d'une estimation raisonnable et s'il est raisonnablement assuré qu'ils seront reçus. Les apports grevés d'affectation d'origine externe sont reportés et constatés à titre de produits dans l'exercice au cours duquel les charges connexes sont engagées.

Les revenus de placement sont constatés selon la méthode de la comptabilité d'exercice.

b) Instruments financiers

Les placements à court terme, les bons du Trésor et les acceptations bancaires sont classés comme placements détenus à des fins de transaction. Les placements à court terme sont constatés à la juste valeur, de la manière déterminée à la fin de l'exercice en fonction de la valeur de marché des instruments d'emprunt.

Les coûts de transaction qui sont directement attribuables à l'acquisition de placements ne sont pas considérés comme étant importants et ils sont passés en charges lorsqu'ils sont acquittés.

Les opérations d'achat et de vente de placements sont constatées à la date de règlement.

1. Principales conventions comptables (suite)

b) Instruments financiers (suite)

La trésorerie comprend les fonds en caisse et les soldes bancaires. Les équivalents de trésorerie sont classés comme titres détenus à des fins de transaction et sont comptabilisés à la juste valeur.

Les créditeurs, charges à payer et subventions à payer sont classés comme autres passifs financiers et évalués au coût après amortissement.

Conformément à la décision du Conseil des normes comptables d'exonérer les organismes sans but lucratif des obligations d'information à l'égard des instruments financiers contenues dans les chapitres 3862, « Instruments financiers – informations à fournir », et 3863, « Instruments financiers – présentation », du Manuel de l'Institut Canadien des Comptables Agréés (« ICCA »), la Fondation a choisi de ne pas appliquer ces normes pour l'établissement de ses états financiers.

c) Subventions

Les subventions sont comptabilisées à titre de charges dans l'exercice au cours duquel la Fondation les approuve.

d) Charges

Les charges de chaque service sont réparties entre l'octroi de subventions et les services de soutien selon le pourcentage des activités de chaque service qui est consacré à ces activités.

e) Immobilisations

Les immobilisations sont constatées au coût, moins l'amortissement cumulé. L'amortissement est calculé de manière linéaire sur les périodes suivantes :

Mobilier et agencements	5 ans
Matériel informatique	3 ans
Logiciels	3 ans
Améliorations locatives	Sur la durée du bail

1. Principales conventions comptables (suite)

f) Recours à des estimations

La préparation d'états financiers exige que la direction fasse des estimations et pose des hypothèses qui influent sur la valeur comptable des actifs et des passifs et sur les informations relatives aux actifs et passifs éventuels à la date des états financiers ainsi que sur la valeur comptable des produits et des charges de l'exercice. Les résultats réels pourraient différer de ces estimations.

2. Modifications comptables futures

L'ICCA a publié des révisions de la série de normes du chapitre 4400 du Manuel traitant des organismes sans but lucratif.

Le chapitre 4470 du Manuel, « Ventilation des charges des organismes sans but lucratif – informations à fournir », a été ajouté. Il exige que certaines informations soient fournies lorsque les frais d'appel à la générosité publique et les charges de fonctionnement général sont imputés à d'autres fonctions. Cette modification s'appliquera à l'exercice ouvert à compter du 1er avril 2009. La modification améliorera les obligations d'informations, en reprenant telles quelles les règles de présentation à l'état des résultats.

3. Placements

Les placements, présentés à la juste valeur, sont les suivants :

	2009	2008
Bons du Trésor	93 801 557 $	75 169 395 $
Acceptations bancaires	15 097 871	20 014 914
Billets de dépôt	–	13 373 520
	108 899 428 $	108 557 829 $

Tous les placements sont effectués dans des titres à revenu fixe et ils viennent à échéance au cours des trois prochains mois (échéance de trois mois en 2008). Ces placements portent intérêt à des taux variant de 0,9 % à 1,1 % (de 1,9 % à 3,6 % en 2008).

3. Placements (suite)

L'Office ontarien de financement agit à titre de gestionnaire de placements de la FTO en vertu d'une convention relative aux conseils en investissement qui respecte les politiques et procédures de la FTO régissant le risque et contient également des mesures supplémentaires liées au risque.

La gestion du risque se rapporte à la compréhension et à la gestion dynamique des risques associés à tous les volets des activités de la Fondation et au contexte d'exploitation connexe. Les placements sont principalement exposés au risque de taux d'intérêt, au risque de crédit et au risque de marché. La FTO a mis en place des politiques et des procédures officielles pour faire face à ces risques.

Le risque de taux d'intérêt découle de la possibilité que des variations de taux d'intérêt touchent la valeur des titres à revenu fixe que détient la FTO. La Fondation gère ce risque en détenant des titres d'emprunt émis par le gouvernement du Canada et par de grandes banques canadiennes et en échelonnant la durée des titres détenus.

Le risque de crédit découle de la non-exécution par les contreparties aux placements. La Fondation atténue ce risque en ne traitant qu'avec des contreparties solvables.

Le risque de marché découle de titres à revenu fixe détenus à des fins de transaction. Les variations du marché exposent la FTO à un risque de perte. La Fondation atténue ce risque au moyen de contrôles visant à superviser et à limiter les niveaux de concentration.

4. Immobilisations

			2009	2008
	Coût	Amortissement cumulé	Valeur comptable nette	Valeur comptable nette
Mobilier et agencements	820 478 $	706 014 $	114 464 $	101 246 $
Matériel informatique	1 031 646	788 066	243 580	262 701
Logiciels	684 794	404 799	279 995	15 348
Améliorations locatives	1 490 633	1 313 080	177 553	150 895
	4 027 551 $	3 211 959 $	815 592 $	530 190 $

5. Apports reportés et subventions à payer

a) Les apports reportés représentent le financement accordé par le Ministère qui n'a pas encore été promis comme subventions. Ces fonds sont affectés jusqu'au moment où les subventions sont approuvées par le Conseil et données en garantie à des tiers. La FTO a mis en place des contrôles afin de s'assurer que les affectations sont respectées avant de recourir à ces fonds.

	2009	2008
Apports reportés au début de l'exercice	4 344 852 $	3 675 804 $
Activités au cours de l'exercice		
Financement reçu		
Ministère des Affaires civiques et de l'Immigration	160 000	–
Ministère de la Culture	110 000 000	105 000 000
	110 160 000	105 000 000
Revenus de placement comptabilisés à titre de produits	4 091 673	7 030 212
Subventions promises	(104 596 300)	(100 306 100)
Charges découlant de l'octroi de subventions	(10 963 450)	(10 621 920)
Services de soutien et amortissement	(1 382 140)	(1 558 872)
Services rendus à la collectivité	(258 455)	(228 460)
Subventions annulées ou recouvrées	1 796 356	1 354 188
Montants constatés à titre de financement du gouvernement de l'Ontario	(111 312 316)	(104 330 952)
Apports reportés à la fin de l'exercice	3 192 536 $	4 344 852 $

5. Apports reportés et subventions à payer (suite)

b) Lorsque la FTO promet la distribution d'une subvention, celle-ci est comptabilisée comme subvention à payer. Les subventions promises et qui ne sont pas encore distribuées sont à payer, à la réception des fonds par la FTO et si les bénéficiaires satisfont à certains critères de rendement. L'historique des subventions à payer se détaille comme suit :

	2009	2008
Subventions promises – Subventions à la collectivité et subventions à l'échelle de la province	104 596 300 $	100 306 100 $
Subventions annulées	(1 184 600)	(1 076 800)
Subventions payées	(102 065 094)	(92 897 912)
	1 346 606	6 331 388
Subventions à payer au début de l'exercice	102 688 700	96 357 312
Subventions à payer à la fin de l'exercice	104 035 306 $	102 688 700 $

Subventions à payer à divers organismes au cours des exercices terminés les 31 mars :

2010	70 670 206 $
2011	25 078 300
2012	6 953 900
2013	1 169 600
2014	163 300
	104 035 306 $

6. Services rendus à la collectivité

Les services rendus à la collectivité, à l'exception des subventions, consistent en des activités de bienfaisance qui ne sont pas des subventions, comme des convocations, le partage de connaissances et une aide technique aux organismes communautaires. Le poste comprend les frais faisant partie des activités courantes.

7. Engagements

Les paiements annuels minimaux futurs au titre des contrats de location-exploitation visant des locaux se détaillent comme suit :

2010	368 000 $
2011	304 000
2012	273 000
2013	241 000
2014	7 000
	1 193 000 $

Relativement à ces contrats de location-exploitation, la FTO a convenu d'indemniser le propriétaire à l'égard de pertes qui pourraient avoir lieu dans les locaux loués et qui pourraient découler d'une rupture du contrat de location-exploitation.

Le contrat de location-exploitation pour les locaux du siège social de la FTO, à Toronto, a été prorogé jusqu'en février 2013.

8. Indemnisation des dirigeants et des administrateurs

La FTO indemnise ses administrateurs, dirigeants, salariés et bénévoles, passés, présents et futurs, à l'égard de frais (y compris les frais juridiques), de jugements et de toute somme réellement ou raisonnablement engagée par ces derniers relativement à une action, poursuite ou procédure intentée contre eux dans le cadre de leurs fonctions, s'ils ont agi avec intégrité et bonne foi dans l'intérêt véritable de la FTO. La nature de cette indemnisation empêche la FTO d'estimer raisonnablement le risque maximal. La FTO a souscrit une assurance responsabilité civile pour ses administrateurs et ses dirigeants relativement à cette indemnisation.

9. Instruments financiers

La valeur comptable de la trésorerie, des créditeurs et charges à payer ainsi que des subventions à payer se rapproche de leur juste valeur, du fait de la relative brièveté de la période à courir jusqu'à l'échéance de ces éléments ou parce qu'ils sont à recevoir ou à payer à vue.

La juste valeur des placements et des risques connexes est présentée à la note 3.
